

Extra-tall SMT GPIO Header for Raspberry Pi HAT - 2x20 Extra Tall Female Header

PRODUCT ID: 2714

DISCONTINUED

[DESCRIPTION](#)

[TECHNICAL DETAILS](#)

DESCRIPTION

Stack and connect multiple plates and breakout PCB's onto your Raspberry Pi with this custom-made, **2x20 extra tall SMT female header**.

This header allows you to plug your Raspberry Pi HAT onto a Raspberry Pi A+, B+ or Pi 2. [We also carry various through-hole versions](#) but this is for when you really need to have all the space available, [such as on our 3.5" PiTFT](#)

New Products 9/16/2015
